

Expro Excellence
Expro delivers SeaCure[®] cementing services with the addition of the world's first downhole cement sample
Well Construction | Cementing Technologies

Objectives and background

- Offset wells re-spudded due to poor boy inner string cementing problems

Expro Excellence

- A clinical execution of SeaCure[®] cementing delivered low risk, high value cementing operations

Value to the client

- Conductor cement job execution success, delivering a foundation for the well
- Drilled SeaCure[®] shoe out in 40 minutes
- Delivered on budget and on time
- Zero NPT
- Bit drilled to TD with no issues
- No BHA failures in next section
- World's first cement sample recovered from the shoe (CoreCure)

By using SeaCure[®] we have a better engineered, more robust approach to our cement job."

Colin Higgins,
Wells Manager

Safety

World's first
